ABOUT US:

We're the best choice for your show, whether you are a fringe virgin or veteran. Unlike the many and varied online print firms, **thefringeshop.com** are fringe printing specialists.

We started with a handful of orders in 2007. Now, **thefringeshop.com** now prints more than 9 MILLION flyers and posters for over 750+ fringe shows each year.

We now work with some of the biggest names in UK comedy and live entertainment, but we haven't forgotten our roots; we still specialise in working with free shows and first time performers, as well as the seasoned pros.

We offer a well considered, fringe-specific print service, refined through constant feedback from performers and major promoters.

No other print-firm provides the same level of attention to detail, or works harder, to deliver your print on time and on budget.

That's why we've now been appointed as the Official theSPACEUK Printer for 2020.

We offer you **THREE** different paper stocks for your flyers, just pick which option you'd like within each package:

THIN 130GSM GLOSS

Very cost effective but very thin and floppy.

STANDARD 300GM SILK

Thicker and our most popular choice since we started – most fringe shows use this stock.

PULP 350GSM BOARD

Heavyweight, uncoated flyers to give a raw, recycled look and feel.

Don't Forget: All the posters are printed on 130gsm gloss, regardless of which flyer stock you chose.
