Welcome to theSpaceUK!

The home of award-winning performance and new writing at the Edinburgh Festival Fringe.

I keep reading features in preparation for the 2026 festival, often they refer to the best shows! The focus on what may be the best is quite far from the ethos of our festival. We all know a show that may be a 5 star review for some could be a 3 star experience for others.

This subjective ideal is at the core of theSpaceUK programme, we don't foster competition, instead we focus on the collective ideal of being able to give work from our diverse world a platform to thrive and from that often comes that special gem.

In our 32nd year of presenting work, our programme of some 470 shows sits at the modern core of the Edinburgh Festival Fringe. Do make sure you make the most of experiencing all it brings. Welcome and enjoy!
